2020 HURRICANE PREPAREDNESS

As we prepare to enter the 2020 Hurricane Season, the City of Jamaica Beach encourages residents to remember the three keys to hurricane preparedness:

1. Make a Plan
2. Build a Kit
3. Stay Informed

Galveston County Judge Mark Henry and the Galveston County Office of Emergency Management have put together a short video presentation for you to use in preparing for the 2020 Hurricane Season. Please take some time to review this video and the associated Galveston County Emergency and Disaster Guide that focuses on hurricane preparedness.

Stay connected. The city wants to connect with you during emergencies via Blackboard Connect, our city-to-resident notification system which allows city leaders to send personalized voice messages to residents and businesses within minutes with specific information about time-sensitive or common-interest issues such as emergencies.

Please accept our invitation to participate in this great service. We know that your personal information is important, and rest assured that we will not share it with anyone. To register and/or update your account information, please go to the city's Emergency Preparedness page at <http://www.ci.jamaicabeach.tx.us/emergency.htm>.

The city also suggests visiting our Emergency Preparedness and Flood Information pages for additional information.
